

NSN 2021 PROGRAMME (preliminary)

What's new in Nephrology - a Nordic Clinical approach

The congress is sponsored by Pharmaceutical Companies

Wednesday, 5th May

8.00-16.30	Precourse – Young Nephrologists Training <i>Separate payment and registration</i>
16.30-17.00	Transportation to Odeon
17.00-18.00	Industry symposium I
18.00-19.30	Candle-light lecture by Professor, ScD Eske Willerslev, <i>Director at Lundbeck Foundation GeoGenetics Centre, Copenhagen</i>
19.45-	Welcome reception at Odense Town Hall <i>Host of this arrangement is Odense City Town Hall</i>

Thursday, 6th May

8.00-9.00	Industry symposium II
9.00-10.30	Session 1 – Session 1 – Hot topics in renal transplantation
	Renal transplantation in the Nordic countries – an overview <i>Consultant, ph.d. Søren Schwartz Sørensen Rigshospitalet, Copenhagen</i>
	The frail transplant candidate – Any help from the Guidelines? <i>TBD</i>
	Too few donors – How to expand the donor pool ? <i>TBD</i>
	Immunological barriers – STEP, STAMP IDES – What’s it all about <i>TBD</i>
	Evidence based vaccination reconditions in renal transplant candidates and recipients <i>Consultant Susanne Dam Poulsen, Rigshospitalet, Copenhagen</i>
10.30-11.00	Coffee & exhibition
11.00-12.30	Session 2 – Kidney disease and Infections in the Nordic Countries
	Hanta virus. When, where and how? <i>MD PhD Satu Mäkelä, Department of Nephrology, Tampere Hospital, Finland</i>
	Leptospirosis, an often missed Diagnosis in Patients with AKI. <i>Steen Villumsen, MD, PhD, Department of Infectious Diseases, Drammen Sykehus, Norway</i>
	Covid 19 infection and the Kidney <i>TBD</i>
	The Nordic Patient with Kidney Disease as a World Wide Traveler. <i>Ass Professor Carsten Schade Larsen, Department of Infectious Diseases, Aarhus University Hospital, Denmark</i>
12.30-13.30	Lunch and exhibition

13.30-15.00	Session 3 – Vascular calcification in chronic kidney disease
	<p>Calciprotein Particles and Calcification Propensity <i>Andreas Pasch, MD, PhD. Insitute for Physiology and Pathophysiology, Johannes Kepler University Linz, Linz, Austria</i></p> <p>New Approaches to Prevention of Vascular Calcification <i>Professor Jürgen Floege, MD, PhD. Department of Nephrology and Clinical Immunology, RWTH Aachen University, Aachen, Germany</i></p> <p>Adynamic Bone Disease - Treating Bone to Protect the Arteries <i>Professor Pieter Evenepoel, MD, PhD. Department of Nephrology, University Hospital Leuven, Leuven, Belgium</i></p>
15.00-15.30	Coffee and exhibition
15.30-16.30	Session 4 – Genetics and pathophysiology of renal diseases
	<p>Genetics in kidney diseases <i>TBD</i></p> <p>MUC1-ADTKD and genetic analysis of patients with kidney failure with unknown origin <i>Staff Specialist, ph.d. Maria Rasmussen, Sygehus Lillebælt</i></p>
16.30-17.30	Industry symposium III - AstraZenica

Friday, 7th May

8.00-9.00	Industry symposium IV - Astellas
9.00-10.30	Session 5 – Complement (Alexion grant)
	<p>Complement activation in vtech-HUS, and in aHUS. Can purinergic receptor antagonism or blockade of the kallikrein-kinin system be used in the clinic? <i>Professor Diana Karpman, Lund University, Sweden</i></p> <p>Complement dysregulation in HUS. Genetics and complement function <i>Professor Seppo Meri, Dept. of Bacteriology and Immunology, University of Helsinki and Helsinki University Central Hospital</i></p> <p>Cases and discussion</p>
10.30-11.00	Coffee & exhibition
11.00-12.30	Session 6 – Diabetes and Complications
	<p>30 years progress in diabetic nephropathy. From hypertension to dual RAAS-blockade. <i>Consultant Frederik Persson, Steno Diabetes Center, Copenhagen</i></p> <p>Update of antidiabetic medication and the effect on kidney disease (GLP1 effects, CREDENCE and DAPA-CKD) - and what is to come? (FLOW, EMPA Kidney). <i>Professor Johannes Mann, University of Erlangen-Nurnberg and KfH Kidney Center, Munich Germany</i></p> <p>Short discussion</p> <p>Current Scandinavian state of Kidney-Pancreas Transplantation. <i>Consultant, ph.d. Mads Hornum, University Hospital, Copenhagen</i></p> <p>Updated KDIGO guideline on the management of diabetes in CKD. <i>Professor Peter Rossing, Steno Diabetes Center, Copenhagen</i></p> <p>Short discussion</p>
12.30-13.30	Lunch and exhibition

13.30-15.00	Session 7 – Selected Abstracts Poster Session
	Selected Abstracts oral presentations Ongoing Clinical Studies Future Nordic Studies
15.00-15.30	Coffee and exhibition
15.30-17.00	Session 8 – Dialysis- what is hot and not
	TBA
17.00-18.00	Industry symposium V - VIFOR

Saturday, 8th May

9.00-10.00	Industry symposium VI - Sanofi
10.00-11.30	Session 9 – Glomerulonephritis
	Anti-PLA2R antibodies in Membranous Nephropathy <i>TBD</i>
	New treatments on the horizon ... The raise of complement blockage <i>MD, Andreas Kronbichler Dept. of Internal Medicine, Medical University, Innsbruck, Austria</i>
	Budesonide in IgA Glomerulonephritis <i>TBD</i>
	New KDIGO GN guidelines <i>TBD</i>
11.30-12.00	Coffee and exhibition
12.00-13.30	Session 10 – What is new in Nephrology
	Epidemiology and trends of kidney disease in the Nordic countries <i>TBA</i>
	Nephrology News in:
	<i>Acute kidney injury</i> <i>TBA</i>
	<i>Chronic kidney disease</i> <i>TBA</i>
	<i>Renal transplantation</i> <i>TBA</i>
