

Nordic Society of Nephrology 2022
Programme:

What's new in Nephrology

– a Nordic Clinical Approach

OUH
Odense Universitetshospital
Svendborg Sygehus

Wednesday 4th May

7.30-15.45

Precourse – Young Nephrologists Training

Separate payment and registration

15.00

Exhibition opens

15.00-16.00

Coffee and cake

16.00-17.00

Industry symposium I: Baxter

Opening

Rita Nohra, Medical Manager Renal Care Nordics, Baxter

Discussion on situation of home dialysis in Denmark

Kjeld Erik Otte, Kolding, Denmark

Discussion on situation of home dialysis in Finland

Patrik Finne, Helsinki, Finland

Discussion on situation of home dialysis in Norway

Helga Skaare, Oslo, Norway

Discussion on Situation of home dialysis in Sweden

Niklas von Schmalensee, Danderyd, Sweden

Open discussion (Q&A) – all panel members and audience

17.00-18.00

Industry symposium II: Bayer

Finerenone: A new chapter for the management of CKD in T2D

Rajiv Agarwal, Indiana, USA & Peter Rossing, Copenhagen, Denmark

18.00-18.15

Break

18.15-18.30

Welcome

Congress president Helle C. Thiesson and Dean of Health sciences at University of Southern Denmark Ole Skøtt

18.30-19.00

How giraffes deal with sky-high blood pressure?

Christian Aalkjær, Aarhus, Denmark

19.00-19.30

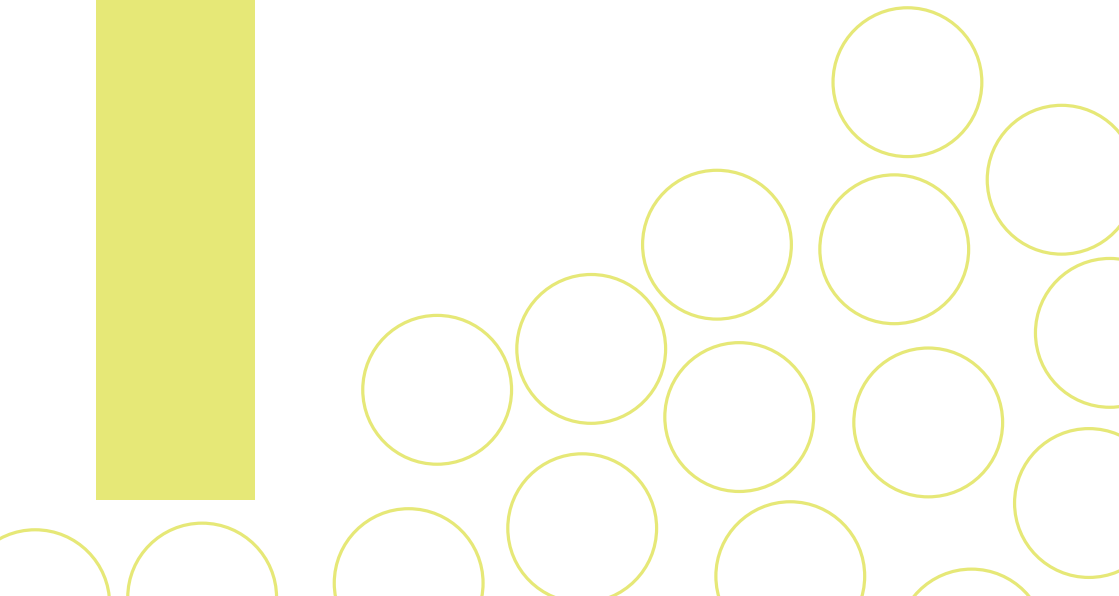

**Evidence is not necessarily evident
– dirty stories from the 21st century**

Niels Holmark Andersen, Odense, Denmark

19.45-

Welcome reception at Odense Town Hall

Host of this arrangement is Odense City Town Hall

Thursday 5th May

8.00-9.00

Industry symposium III: Fresenius

Critical Elements of Dialyzers for Improving Patient Care

Faith Kircelli, Vice President of Medical Information and Education, Fresenius Medical Care

9.00-10.30

SESSION 1: Hot topics in renal transplantation

Chairs: Claus Bstrup and Søren Schwartz Sørensen

9.00-9.10

Renal transplantation in the Nordic countries – an overview

Søren Schwartz Sørensen, Copenhagen, Denmark

9.10-9.30

The frail transplant candidate – any help from the guidelines

Wolfgang Arns, Köln, Germany

9.30-9.50

Too few donors – how to expand the donor pool?

Markus Gäbel, Göteborg, Sweden

9.50-10.10

Immunological barriers – STEP, STAMP, IDES – what is it all about?

Per Lindner, Göteborg, Sweden

10.10-10.30

Evidence based vaccination recommendations in renal transplant candidates and recipients

Susanne Dam Poulsen, Copenhagen, Denmark

10.30-11.00

Coffee & exhibition (posters)

11.00-12.30

SESSION 2: Kidney disease and infections in the Nordic countries

Chairs: Ditte Hansen and Helle C. Thiesson

11.00-11.20

Hanta virus – when, where and how?

Satu Mäkelä, Tampere, Finland

11.20-11.40

Leptospirosis, an often-missed diagnosis in patients with AKI

Steen Villumsen, Drammen, Norway

11.40-12.05

Covid 19 infection and the Kidney

Jan-Stephan Sanders, Groningen, Netherlands

12.05-12.30 **The Nordic Patient with Kidney Disease as a World Wide Traveler**
Carsten Schade Larsen, Aarhus, Denmark

12.30-13.30 Lunch and exhibition

13.30-15.00 **SESSION 3: Vascular calcification in chronic kidney disease**
Chairs: Iain Bressendorff and Ditte Hansen

13.30-14.00 **Calciprotein Particles and Calcification Propensity**
Andreas Pasch, Linz, Austria

14.00-14.30 **New Approaches to Prevention of Vascular Calcification**
Jürgen Floege, Aachen, Germany

14.30-15.00 **Evolving concepts in the bone-vascular axis**
Pieter Evenepoel, Leuven, Belgium

15.00-15.30 Coffee and exhibition (posters)

15.30-16.30 **SESSION 4: Genetics and pathophysiology of renal diseases**
Chairs: Jon Waarst Gregersen and Maria Rasmussen

15.30-16.00 **Genetics in kidney diseases**
Carsten Bergmann, Mainz, Germany

16.00-16.30 **MUC1-ADTKD and genetic analysis of patients with kidney failure with unknown origin**
Maria Rasmussen, Vejle, Denmark

16.30-17.30 **Industry symposium IV: Astra Zeneca**

Introduction

Mads Hornum, Copenhagen, Denmark

Treatment with SGLT2 inhibitors in patients with chronic kidney disease - what's new? Hear the latest evidence with focus on the clinical relevance

David Wheeler, London, UK

Patients with hyperkalemia – what you need to know in relation to your clinical practice

Frederik Persson, Copenhagen, Denmark

Discussion

Mads Hornum, Copenhagen, Denmark

17.30-18.30**Selected abstracts oral session**

Chair: Mark Reinhard

18.30-19.30**Industry symposium V: CareDx****Non-invasive Measurement of Allograft Health for Renal Transplant Surveillance**

Tarek Alhamad, Washington, USA and Olivier Aubert, Paris, France

19.30-**Posters and Tapas**

Friday 6th May

8.00-9.00

Industry symposium VI: Astellas

Hypoxia inducible factor (HIF) prolyl hydroxylase inhibitors as a new treatment for anaemia of CKD

David Wheeler, London, UK

9.00-10.30

SESSION 5: Complement

Chairs: Hans Dieperink and Jon Waarst Gregersen

9.00-9.30

Complement dysregulation in HUS – genetics and complement function

Seppo Meri, Helsinki, Finland

9.30-10.10

Can blockade of the kallikrein-kinin or renin systems inhibit overactivation of complement in the kidney?

Diana Karpman, Lund, Sweden

10.10-10.30

Cases and discussion

10.30-11.00

Coffee & exhibition

11.00-12.30

SESSION 6: Diabetes and complications

Chairs: Vibeke Rømming Sørensen and Rikke Borg

11.00-11.15

30 years progress in diabetic nephropathy – from hypertension to dual RAAS-blockade

Frederik Persson, Copenhagen, Denmark

11.15-11.45

Update of antidiabetic medication and the effect on kidney disease (GLP1 effects, CREDENCE and DAPA-CKD) – and what is to come? (FLOW, EMPA Kidney)

Johannes Mann, Munich, Germany

11.45-11.50

Short discussion

11.50-12.10

Current Scandinavian state of Kidney-Pancreas Transplantation

Vibeke Rømming Sørensen, Copenhagen, Denmark

12.10-12.25

Updated KDIGO guideline on the management of diabetes in CKD

Peter Rossing, Copenhagen, Denmark

12.25-12.30

Short discussion

12.30-13.30

Lunch and exhibition

13.30-14.30

**SESSION 7: Honorary Lecture of the Danish Society of Nephrology
– Claus Brun Lecture****Kidney Transplantation – A Question of Balance***Søren Schwartz Sørensen, Copenhagen, Denmark*

14.30-15.00

Coffee and exhibition

15.00-17.00

SESSION 8: GlomerulonephritisChairs: Jon Waarst Gregersen and Per R. Ivarsen

15.00-15.30

Anti-PLA2R antibodies in Membranous Nephropathy*JF Wetzels, Nijmegen, Netherlands*

15.30-16.00

New treatments on the horizon ... The raise of complement blockage*Nicholas Medjeral-Thomas, London, UK*

16.00-16.30

Anti-GBM disease and IdeS*Mårten Segelmark, Lund, Sweden*

16.30-17.00

New KDIGO GN guidelines*Jürgen Floege, Aachen, Germany*

17.00-18.00

Industry symposium VII: VIFOR Pharma**Use of the modern potassium binders in clinical practice****- real world experience from Norway***Sadollah Abedini, Vestfold, Norway***Uremic pruritus in the dialysis patient - is there a problem?***Marianne Rix, Copenhagen, Denmark***The two faces of glucocorticoids in ANCA-associated vasculitis****- the burden of side effects**Jon Waarst Gregersen, Aalborg, Denmark

19.30-

Congress dinner and Nordic Networking (separate registration)

Saturday 7th May

8.00-9.00

Industry symposium VIII : Chiesi Pharma AB

How to tackle transition from paediatric to adult care seen from patient/carer and HCP perspective

Introduction

Sara Carlot, Chiesi Global Rare Disease

Living with nephropathic cystinosis – a parent perspective

Annica Schröder, Chairperson at Nordic patient association for cystinosis and mother to a teenager with nephropathic cystinosis

**Transition from paediatric to adult cystinosis care
– The importance of a Multidisciplinary approach and the
Clinical Decision Support Program**

Aude Servais, Paris, France

9.00-10.00

Industry symposium IX: Sanofi

**Rare Nephrology – Genetic Approaches & Diagnostic Options
Fabry's Disease**

Ulla Feldt-Rasmussen, Copenhagen, Denmark

Whole Genome Sequencing in Nephrology

Elsebet Østergaard, Copenhagen, Denmark

Alport Syndrome

Jens Michael Hertz, Odense, Denmark

10.00-11.30

**SESSION 9: Anticoagulation in dialysis patients
- Warfarin, DOAC or nothing?**

Chairs: Christian Daugaard Peters and Jesper Mosgaard Rantanen

10.00-10.30

Clinical praxis concerning anticoagulation in CKD5D

Peter Bárány, Karolinska University Hospital, Stockholm, Sweden

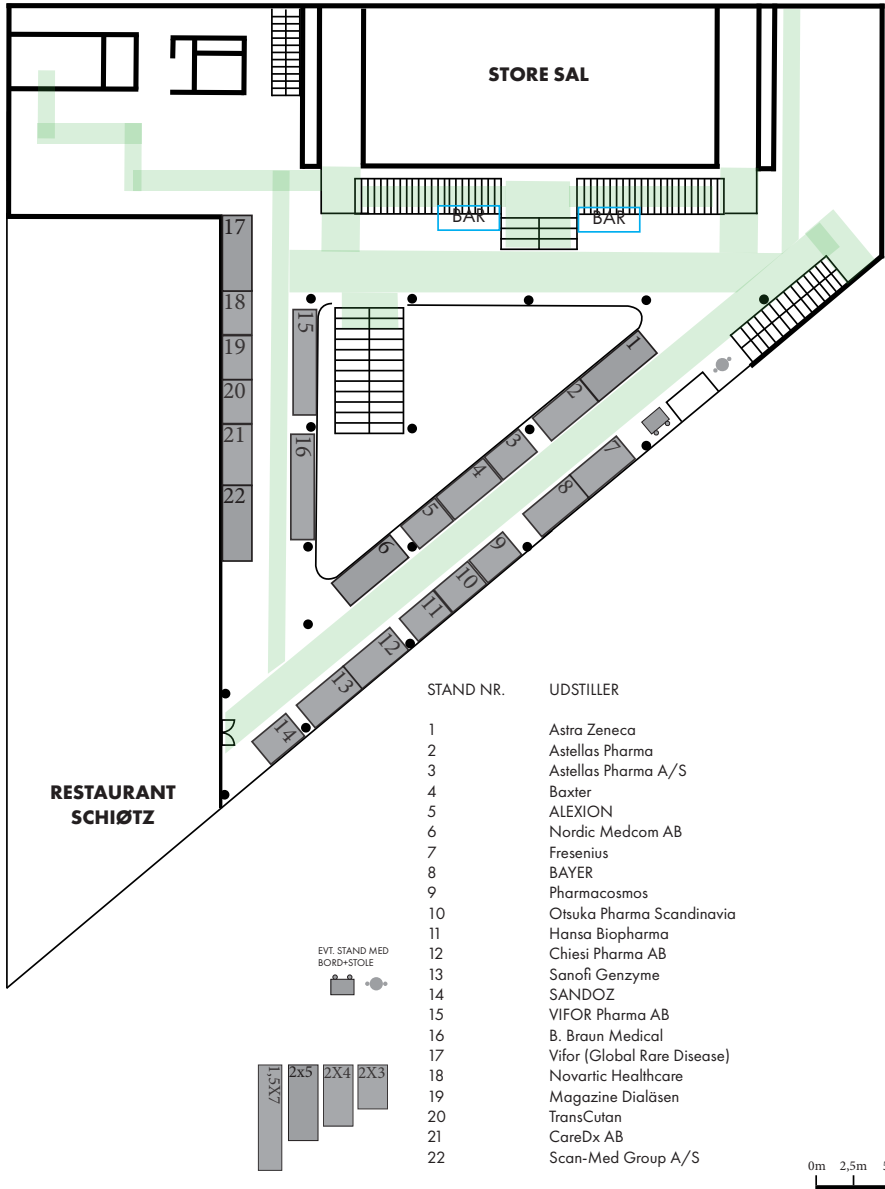

10.30-11.00

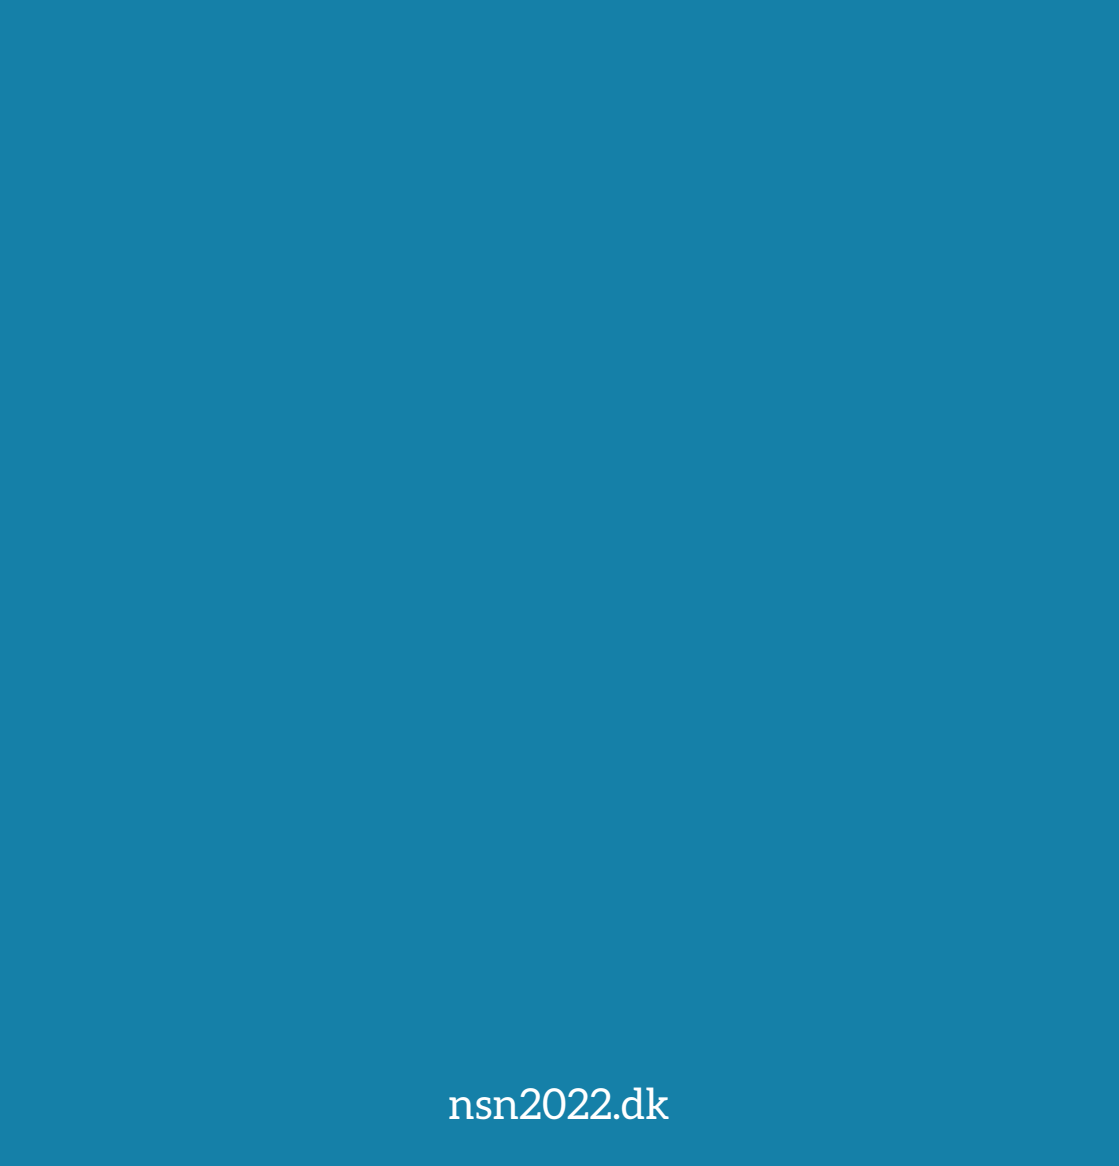

Warfarin vs. nothing

Nicholas Carlson, Rigshospitalet, Copenhagen, Denmark

-
- 11.00-11.30** **Apixaban vs. nothing**
Marie Evans, Karolinska University Hospital, Stockholm, Sweden
-
- 11.30-12.00** Coffee and exhibition
-
- 12.00-13.30** **SESSION 10: Future perspectives in Nephrology**
Chairs: Henrik Birn, Aarhus, Denmark and Sunna Snædal Jónsdóttir, Iceland (Next NSN president)
-
- 12.05-12.25** **Challenges in predicting future developments in patterns of AKI and CKD in Europe**
Professor Dorothea Nitsch, London, UK
- 12.25-12.45** **Stem cells in renal medicine**
Professor Marlies E.J. Reinders, Rotterdam, The Netherlands
- 12.45-13.05** **Getting rid of the bad bodies – the future of removing pathogenic antibodies in kidney disease and transplantation**
Professor Mårten Segelmark, Lund, Sweden
- 13.05-13.25** **The Omics in Nephrology – Challenges and Future Perspectives**
Professor Rob Fenton, Aarhus, Denmark
-
- 13.30-** **Farewell**
-
- 13.30-14.30** **General assembly of the Danish Society of Nephrology**

Floorplan - Foyer - 1. etage
